

Part-Time Optometric Technician

Ensuring our patients have the best experience is a priority. We are seeking a friendly, outgoing, experienced, intelligent, and energetic individual who can handle a busy schedule while maintaining a sense of humor to help us with that goal.

You will be the first person patients interact with over the phone and in person. You will be responsible for greeting patients, checking in patients, and making sure all patients are well cared for. You will be trained in the use of optometric computer software, in working with insurance authorizations, and in patient communication and service presentation.

The ideal candidates will:

- Have 1+ year of experience in the field.
- Possess excellent customer service and communication skills.
- Be a team-oriented player.
- Be able to multi-task.
- Be reliable.
- Be well spoken with a professional appearance.

The position is a part-time position offering 21-29 hrs/week (full days). The schedule of the position can/will include Saturdays and late shifts on Thursdays. The position starts at \$13.00/hr with additional benefits (ie. 401k with company match).
